

Science and Mathematics, the Bangor Symphony, the Maine Mathematics and Science Alliance, and on the advisory network for the Olympia Snowe Women's Leadership Institute.

While it is easy to see the impact Dr. Hunter has had on the University and the Orono community, her lasting legacy will be her impact on students. Thousands of students have benefited from Dr. Hunter's knowledge and guidance over the years, and UMaine is lucky to have also benefited from such an experienced educator and administrator. The new programs Dr. Hunter brought to the university have contributed to the region's cultural and economic development. Dr. Hunter's contributions have been so important—to the university, the region, and across the entire State of Maine—and we are so grateful for her decades of service. She will be missed; however, I am confident that the institution she leaves behind, "the college of our hearts always," will continue to benefit from her legacy of service for years to come. In her honor, I ask that we "fill the steins to dear old Maine" and "drink to Maine, our alma mater, the college of our hearts always."●
